Dear Families,

It was lovely to see so many of you at sharing assembly this morning and I hope the Class 1 dinosaur dance sent you all away with a smile. Sadly, you weren't treated to the accompanying sound effects I enjoyed on Wednesday; they seemed a little more shy than there were for my personal performance.

I think we should encourage more opportunities for children to perform and so I repeat a previous request for anyone who would like to share something with us, e.g. playing an instrument or a dance performance etc.If I know in advance, I can share these out across the sharing Fridays.

Maybe we will get some performers in readiness for sharing at Warthill next Friday.

I now have the SIAMS and Ofsted reports from our back-to-back inspections at Warthill. These are in draft form and once I am in receipt of the final copy, I will be able to share these with you and put them on the schools' website. They are a great read and both recognise the strength of the school community.

I wish you all an enjoyable weekend and take this opportunity to remind you that we finish at 2pm as we finish for the Christmas holidays.

With every best wish,

Beverley Pawson

Headteacher
Sand Hutton and Warthill Federated Schools
