

Sand Hutton C of E School: Accessibility Plan

Background

Under the Equality Act 2010 Schools and Local Authorities must carry out accessibility planning for disabled pupils.

A disability is anything that can hinder the child's learning progress through:

- a significantly greater difficulty in learning than the majority of children of the same age
- a physical disability or condition that prevents or hinders them from making full use of the school's educational facilities. This includes a wide range of conditions including physical impairment, sensory impairment, and long-term health conditions such as asthma, diabetes, epilepsy and chronic obesity.

The school's aim is to make what reasonable adjustments it can so that pupils with SEND can fully participate in the educational opportunities we provide and enjoy the other benefits, facilities and services available including out of school activities and external visits.

It also encourages pupils and parents to play a full part in this process.

Our Commitment:

At Sand Hutton we are committed to ensuring excellence and enjoyment, and to developing and sustaining a culture of awareness, tolerance and inclusion.

At Sand Hutton we seek to provide a fully accessible environment which values and includes all pupils, parents and visitors regardless of educational, physical, sensory, social, spiritual, emotional and cultural needs.

Our Accessibility Plan is focused on relevant actions to:

1. Improve **access to the physical environment** of the school.
2. Increase **access to the curriculum for pupils** with disabilities, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life beyond school as able-bodied pupils. *This includes participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment which may assist these pupils in accessing the curriculum.*

3. Improve the **delivery of written communication/information** to pupils, staff, parents and visitors with disabilities. *Examples might include hand-outs, timetables, booklets, letters and information about the school and school events. This information should be made available in various preferred formats within a reasonable time-frame.*

Our action plan relates to these three key aspects of accessibility and is reviewed at least annually.

New action plans are drawn up at least every three years and more frequently if needs are identified.

SAND HUTTON AND WARTHILL FEDERATED CE PRIMARY SCHOOLS

1. IMPROVING THE PHYSICAL ACCESS

AREA FOR IMPROVEMENT	STRATEGY/ACTION TO BE TAKEN	TIMES SCALE	LEAD PEOPLE	COST/ RESOURCES	SUCCESS/OUTCOME
Improve quality of provision for children with specific SEN	Provide a tranquil safe space.
