Finish for half term – Thursday 23rd May

Cross Country Alliance – Monday 10th June
@1.30 to be held at Sand Hutton

Federation

Over the next couple of weeks, many of our children will be taking a variety of assessments. We will keep the school day as 'normal' as possible and ensure that children are able to do their best. From everyone in both schools, we wish all the children the very best of luck. We know that our children will give them all their best shot! (Generally children say that they enjoy doing these tests).

As many parents may already be aware, Mrs Hind will be leaving Warthill in July and is looking forward to a well-earned retirement. Our well wishes for her retirement will follow in due course but in the meantime, we are seeking to recruit her replacement and the new member of staff will continue to work alongside Mrs Liston. Finding a suitable replacement is something we are taking very seriously and we are pleased to say that the position has generated a great deal of interest. The interviews will take place in the week before the half term holiday.

Deadline for ordering Class/School photographs is 9.00am Monday 20th May.

Sand Hutton

Class 1

Just before Easter we had a wonderful trip to Pear Tree Farm. The children had the chance to undertake a range of activities including interacting with various farm animals and the chance to create their own scarecrows. The day was perfectly rounded up by toasting marshmallows on the open fire.

Class 2

Class 2 shared their Egyptian museum with class 3S

Class 3

Welcome back Miss Worrall and Miss Flowers, our student teachers.

Warthill

Infants

The Infants are really enjoying the current dinosaur topic. The Reception children are acting out the role of amateur palaeontologists – digging for fossils and categorising dinosaurs.

The KS1 children have used their research skills to compile a dinosaur fact file, full of fascinating facts and illustrations. Please feel free to pop in and have a read!

The children have also produced some beautiful artwork – including a piece inspired by their favourite book - 'Dinosaurs Love Underpants'.

Junior Class

What a busy start to the summer term!

In maths we have been exploring and investigating angles. The children have been looking for angles all around us as well as measuring, ordering and comparing angles.

In English we have been dragon experts; creating information texts all about our dragon. The children have been working on their use of conjunctions and topical vocabulary.

Emily from NYBEP visited us last Thursday to judge the end of our design and technology projects. All teams worked hard on their project and produced a chocolate product that was: environmentally friendly; profitable and linked to Yorkshire and the local area. The teams had to market their product with an advert and a poster and present this to our visitor and class audience.

Year 6s continue to work hard towards their SATs which take place next week. We all wish them the very best of luck.
