Federation

Both schools opened their doors this week to welcome Mothers and Grandmothers for lunch. With tables adorned with daffodils, our visitors ate lunch with their children and other members of the school community. Many thanks to Heidi and Amy for our wonderful lunch and we look forward to the next event. (Maybe Fathers' Day, just to be fair)

In addition, Talking Tuesdays continues at Sand Hutton and will begin at Warthill on April 30th. Should you wish to book a lunch, please let the office staff know in advance

Both Sand Hutton and Warthill will be having their class photographs taken on the first day back after Easter (Tuesday 30th April).

Uniform

A message from the School shop regarding uniforms orders:

The Cut Off Date for Back to School orders is 7th August 2019, all orders placed by that date are guaranteed to be delivered before school starts in September.

Sand Hutton

Sand Hutton is very proud of the two pupils who went to Dalby Forest to compete in a cross country run against 67 other pupils in their age group. They achieved places of 11th and 29th, having had to score highly in their heats to gain a place at Dalby in the first place.

Both girls thoroughly enjoyed the event, running 1200m and 1500m, depending on their age group.

WELL DONE Nina and Chloe! You made us very proud.

Class 1

Exciting times in Class 1 as the various seeds that have been planted around the classroom have started to grow. We have had fun watering our dwarf bean seeds using different liquids - interestingly the seed that we watered with cola did particularly well and grew a shoot in two weeks. Unsurprisingly the seed that we watered with milk didn't grow, however there is now a funny smell in the corner of the classroom! Probably best to stop the investigation and throw that seed in the bin!

Class 2

Just a reminder Class 2 swimming sessions start again the first Friday back after Easter (3rd May) – so don't forget those swimming kits.

Steel Pans

It is wonderful to hear the sound of steel pans tinkling through the corridors at Sand Hutton. The children (and Mrs Naylor!) have made an amazing start and can already play Yellow Bird with confidence. They had their first audience on Monday morning when Rev Chris came to visit.

We were very pleased to welcome Rev Chris into Sand Hutton last Friday, when he took delivery of the poppies we made for our community. He suggested many places where we could share our love through our gift. We do hope that admirers enjoy them as much as we enjoying making them and sharing our remembrance prayers.

Sadly we have a couple of children leaving us today – we wish them all the very best for their future, and hope they settle in well at their new school.

Warthill

Infants

The Infants are continuing to enjoy their farming topic. This week we were lucky enough to welcome some visitors to the class. Their names were Zizzi, Zena and Zola and they are some of Mrs Smith's new additions to her goat herd. We enjoyed hearing all about their antics and managed to keep them calm enough for a quick sketch.

The Year 2 children had fun designing their own experiments to explore which material would make the best tunnel. They worked hard to ensure that their tests were fair and that they recorded their results in a scientific manner.

Junior Class

We have been studying the art of Paul Cezanne. The junior class have produced their own still life drawings based on Cezanne's work. Here are a few examples:

On Thursday afternoon we took part in a design and technology workshop. The task was to produce a chocolate product that had a positive environmental impact, had a link to our local area and was profitable. The children had to work in teams to design their product as well as manage the finance and advertisement. Next we will be making and presenting our product to the judging panel.
