

Junior Class – Autumn Week 6

Art

Junior Class have been working hard on their art work for the church. First we took our own photographs, thinking about composition, foreground and background. We then selected the photo that we wanted to use for our art work. These pieces will be displayed in the church.

Here's a few examples.

Persuasive Writing

Inspired by our class book - The Boy with the Bronze Axe – the children have been experimenting with persuasive vocabulary in their speech and writing. We practiced using phrases such as; 'In my opinion...' 'I strongly believe...' 'I see your point, however...' and used them in a class debate. We are now using our ideas to structure and plan a piece of persuasive writing.

Addition and Subtraction

Our focus for maths this fortnight has been using written methods of addition and subtraction. The children have really been enjoying challenge themselves to the work with larger number and decimals.
