

Junior Class

Donate a Letter

In Junior Class we have been practicing writing both formal and informal letters. We wrote letters for a charity called 'From Me to You Letters' who send letters to people who are unwell and might need cheering up. We tried to keep our letters informal so the person felt like they were our friend. We included things like stories, jokes and poems, that we thought might put a smile on the recipients face.

We place our letters carefully into envelopes, addressed them and added a stamp. Here are some pictures of us sending our letters.

Number Day

Friday 14th was Number Day! The children took part in a range of maths activities throughout the day to support the NSPCC. Thank you for everyone who donated.

Juniors and Infants

Faith Week

In celebration of our Faith Week the children from Warthill joined with Sand Hutton to learn more about different beliefs. Here's what some of the children thought of the event:

Grace – 'I really enjoyed learning a song from the Bah'I faith. I can remember all the words and have been singing it ever since!'

Arthur – 'I liked it when the Buddhist used the glitter and water to demonstrate anger and meditation'

Harry – 'I thought it was interesting when the humanist discussed things they thought were real and not real'

Bertie – 'I liked learning about the Torah of the Jewish faith; I liked seeing the hand that pointed to the scroll'

Purdy – 'My favourite part was when we got to feel the prayer mat; it was so soft!'

Hannah – 'I thought it as interesting that the Bah'I faith teaches people how help their community'

World Book Day

We had some amazing potato book characters in school today, thank you to everyone who brought one in.

Here are just a few...

Juniors also created Reading Journeys – books that have been important to them throughout their lives. They have been encouraged to ask grown ups what nooks they would put on their reading journeys. Here are some of ours.
